

Adults : Cut out the words.

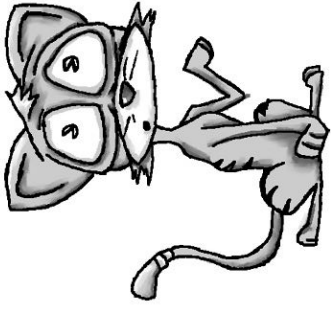

Show the words to the child in a random sequence, say the word and ask them to repeat it. Do this several times.

Now put the words into a meaningful order to make a sentence. Play games with the words, such as getting them to look away and you move the words into a nonsense order, ask them to correct the order. Then get them to change the order for you.

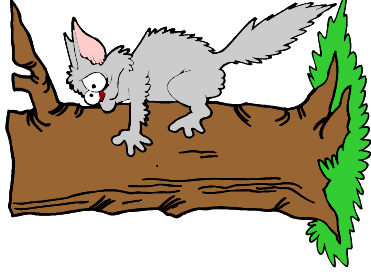

Now the child is ready to try the worksheet for this sentence.

The cat is up  
the tree .

Here is a new sentence for you to try.  
Write the correct word on the line.  
Then you can try writing the whole sentence.  
**GOOD LUCK !!**
