

KEY OBJECTIVES : Numeracy : Year 1 (ages 5-6)

Using and applying Maths

Date Completed

Use mental strategies to solve simple problems using counting, addition, subtraction, doubling and halving, explaining methods and reasoning orally.	
--	--

Counting and understanding number

Read, write and order numbers from 0 to at least 20; understand and use the vocabulary of comparing and ordering these numbers.	
---	--

Count reliably at least 20 objects.	
-------------------------------------	--

Within the range 0 to 30 , say the number that is 1 or 10 more or less than any given number.	
---	--

Knowing and using number facts

Know by heart all pairs of numbers with a total of 10 and corresponding subtraction facts.	
--	--

Count on and back in 2s, 5s and 10s and the doubles of numbers to 10.	
---	--

Calculating

Understand the operation of addition, and subtraction (as 'take away' or 'difference'), and use the related vocabulary.	
--	--

Understanding shape

Use everyday language to describe features of familiar 3-D and 2-D shapes. and use them to make patterns, pictures and models.	
--	--

Measuring

Suggest suitable standard or uniform non-standard units and measuring equipment to estimate, then measure, a length, mass or capacity.	
--	--

Compare two lengths, masses or capacities by direct comparison.	
---	--

Handling data

Answering a question by recording information in lists and tables; present outcomes using practical resources, pictures, block graphs or pictograms	
---	--
