

## **AM**

### **LITERACY :**

1. Start with the word level work looking at endings *-ade* and *-aid* .
2. The writing activity is a fun one about 'My Pet Crocodile' ..... some key words are provided.

### **NUMERACY:**

1. The logic problem makes for a good starter, if any bright sparks get it quickly then they could design their own.
2. The Main maths activities are a series of 7 worksheets looking at place value up to the hundreds. Page 4 is a good one for the more able as it is a problem solving exercise looking at the numbers you can make from 4 different numbers.

## **PM**

1. **PSHE:** The story 'The Stranger' looks at the dangers of talking to strangers.
2. **Science:** The worksheets on eye colour encourage the children to collect data, put them on a tally chart and then show their results on a bar chart.
3. **Art:** The eye is often used in abstract art. The page provides some examples of this type of art that they may like to copy or stimulate them to design their own.
