

AM

LITERACY :

1. For word work there are 4 worksheets looking at words beginning with *sh* .
2. The writing activity is writing a postcard. There is a template showing how to set out writing a postcard., including writing an address.

NUMERACY:

1. The starter is a logic problem . More able may want to design there own.
2. The main activities are to do with strategies in subtracting 9 and 99, there are 7 pages. Less able may want to do the first two pages only which are about subtracting 9, more able may want to go straight to the third page. There are some challenging problems to solve.

PM

1. **PSHE:** The story, 'On the Water', is about overcoming fear .
2. **Science :** The three worksheets on Types of Energy looks at energy transfer from the sun to plants to food to giving us energy. The worksheets also look at other types of energy sources.
3. **Art:** There is an art activity on page 3 of the science worksheets on designing a poster encouraging others to turn off lights and save energy.
